PROBLEM STATEMENT

Title: Online support ticket system for the IITM BSc degree program

Description:

The support team at the IITM BSc degree program often get overwhelmed with emails from students regarding queries and concerns. Your task is to create an online support ticketing system for the IITM BSc degree program. Students can create a support ticket for a particular concern or query. Before they create a ticket, the system should also show a list of similar tickets, and allow users to like or +1 an already existing support ticket, so that duplicates are not created. This way popular concerns or queries can be prioritised by the support team.

After the support team addresses the concern, they can mark the ticket as resolved, and an appropriate notification should be sent to concerned users. Another important feature of the ticketing system is dynamic FAQ updation. Many student concerns can be FAQs which will be useful for future students. If appropriate, the support query and response should be added to the FAQ section by support admins, and appropriately categorised, so that an updated FAQ will be readily available to students. The platform should allow users to enrol as students, support staff and admins. Apart from these standard requirements, you can also think of other features which can add value to users.

MILESTONE 2: USER INTERFACES

1.1 Low Fidelity Wireframes

1.1.1 Common

[1.1] Login Page

Login Page

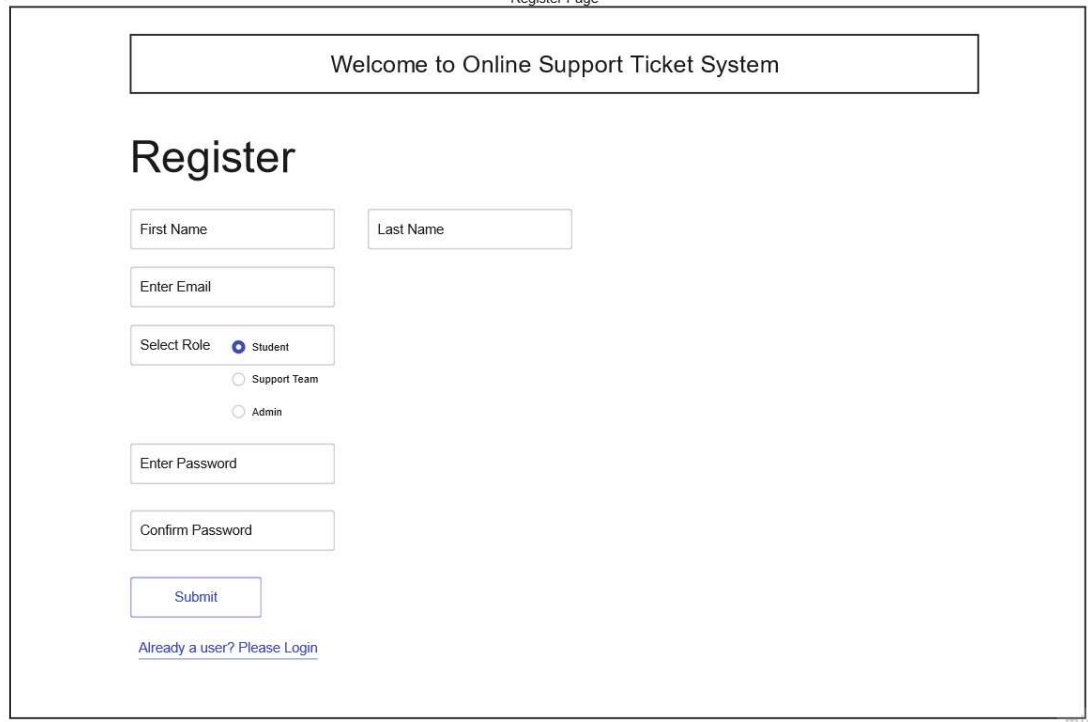

Wireframe of the Login Page. The page is titled "Welcome to Online Support Ticket System" in a header box. Below the header, the word "Login" is displayed in a large font. The login form consists of two input fields: "Enter Email" and "Enter Password". Below these fields is a "Submit" button. At the bottom of the form, there is a link that says "New user? Please Register".

[1.2] Register Page

Register Page

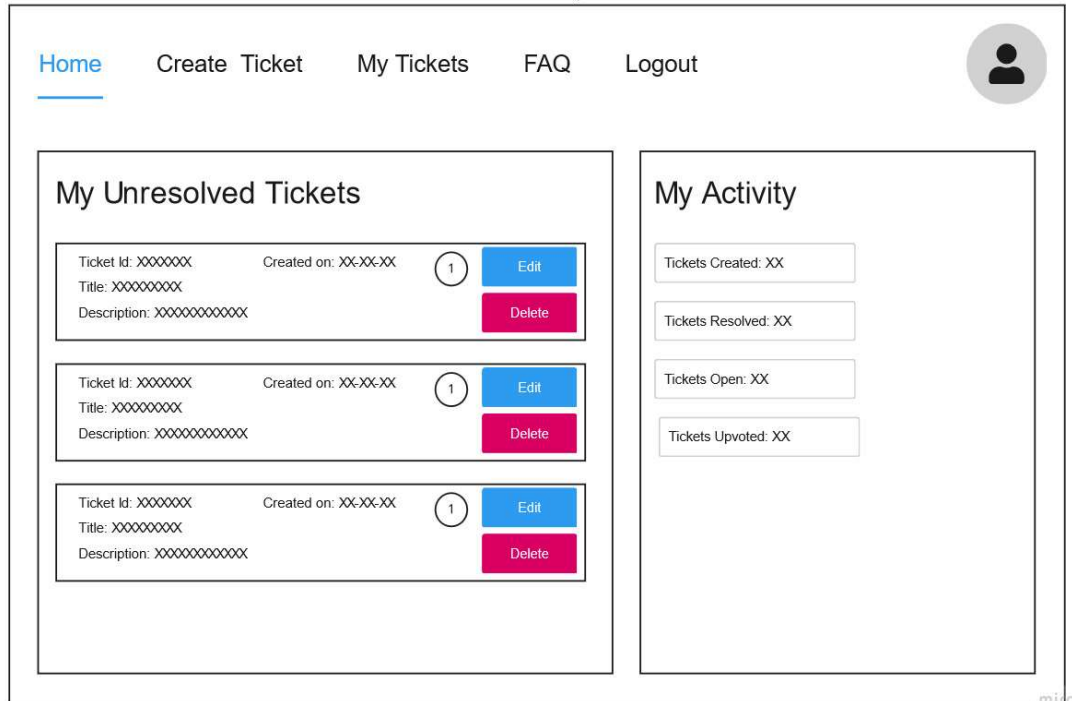

Wireframe of the Register Page. The page is titled "Welcome to Online Support Ticket System" in a header box. Below the header, the word "Register" is displayed in a large font. The registration form includes several input fields: "First Name", "Last Name", "Enter Email", "Enter Password", and "Confirm Password". There is also a "Select Role" section with three radio button options: "Student" (selected), "Support Team", and "Admin". Below the form fields is a "Submit" button. At the bottom of the form, there is a link that says "Already a user? Please Login".

[1.3] Home Page

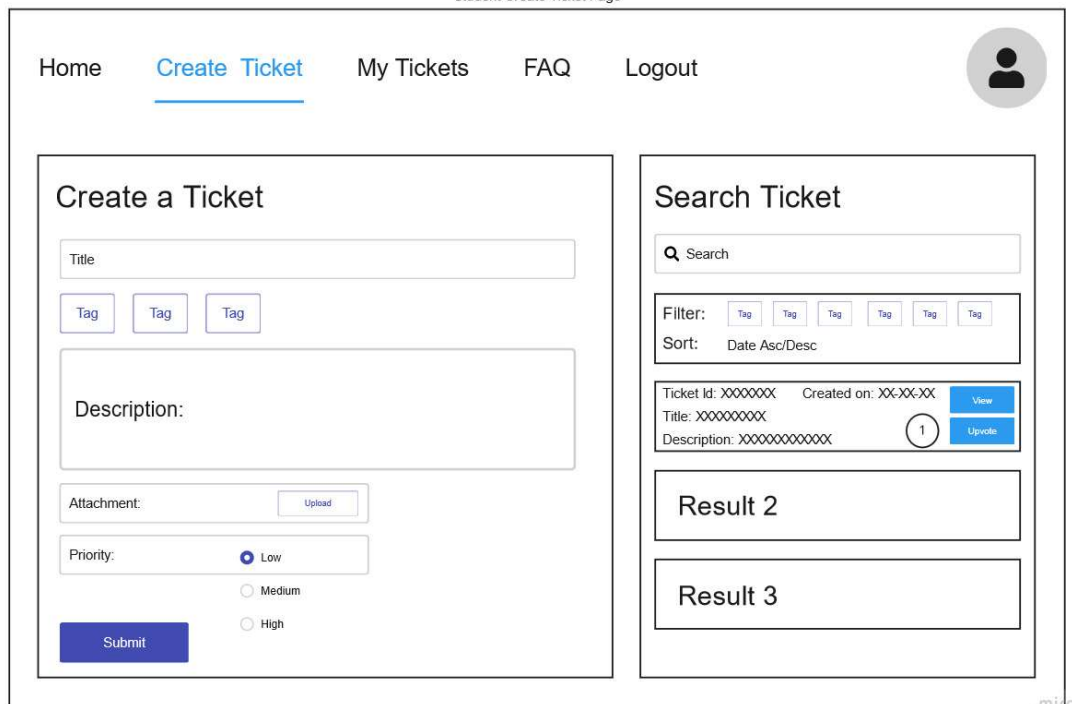

Student Home Page

The mockup shows the 'Student Home Page' with a navigation bar containing 'Home' (active), 'Create Ticket', 'My Tickets', 'FAQ', and 'Logout'. A user profile icon is in the top right. The main content is split into two columns. The left column, 'My Unresolved Tickets', lists three identical tickets, each with fields for 'Ticket Id', 'Title', and 'Description', a 'Created on' date, a count of '1', and 'Edit' and 'Delete' buttons. The right column, 'My Activity', shows four summary boxes: 'Tickets Created: XX', 'Tickets Resolved: XX', 'Tickets Open: XX', and 'Tickets Upvoted: XX'.

[1.4] Create Ticket Page

Student Create Ticket Page

The mockup shows the 'Student Create Ticket Page' with a navigation bar containing 'Home', 'Create Ticket' (active), 'My Tickets', 'FAQ', and 'Logout'. A user profile icon is in the top right. The main content is split into two columns. The left column, 'Create a Ticket', contains a 'Title' input field, three 'Tag' buttons, a 'Description' text area, an 'Attachment' input with an 'Upload' button, and a 'Priority' section with radio buttons for 'Low' (selected), 'Medium', and 'High', followed by a 'Submit' button. The right column, 'Search Ticket', contains a search bar, a 'Filter' section with six 'Tag' buttons, a 'Sort' dropdown set to 'Date Asc/Desc', and a list of search results. The first result shows ticket details and 'View' and 'Upvote' buttons. Below it are two empty boxes labeled 'Result 2' and 'Result 3'.

1.1.4 User :- Admin

[1.11] Home Page

Admin Home Page

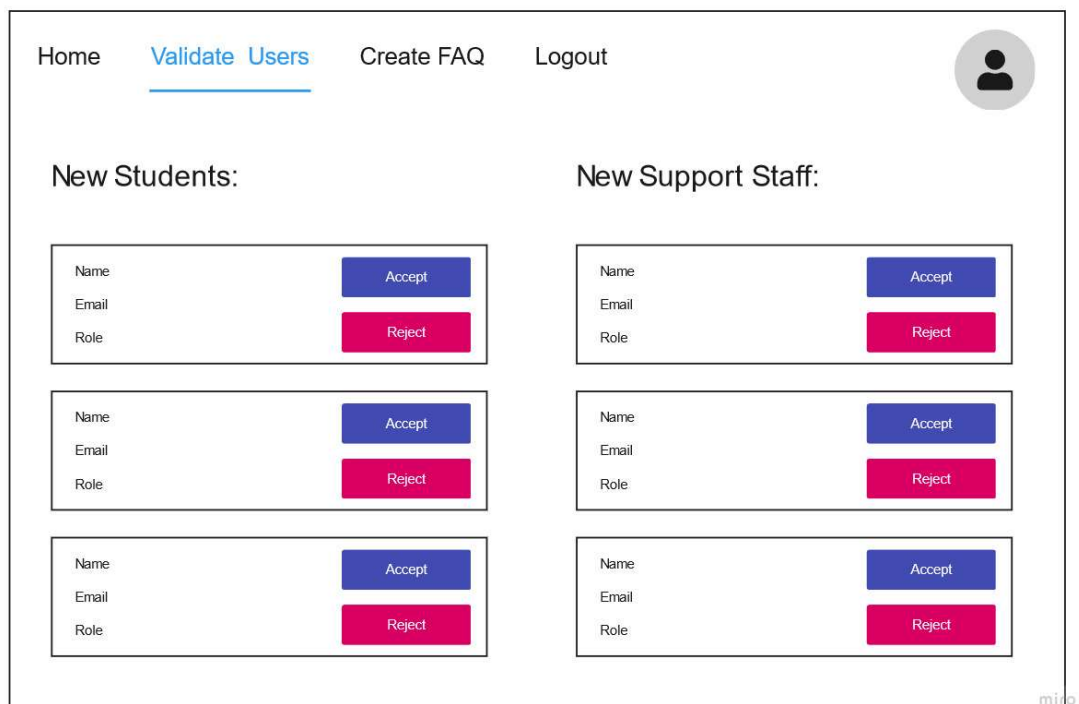

The Admin Home Page features a navigation bar with links: Home (active), Validate Users, Create FAQ, and Logout. A user profile icon is in the top right. The main content area displays nine statistics in a 3x3 grid:

New Users Registered: XX	New Tickets Raised Today: XX	Total Support Staff: XX
Total Open Tickets: XX	New Tickets Raised This Week: XX	Total Students: XX
Total Resolved Tickets: XX	New Tickets Raised This Month: XX	Total Admins: XX

A 'mimo' watermark is visible in the bottom right corner.

[1.12] Validation Page

Admin Validation Page

The Admin Validation Page features a navigation bar with links: Home, Validate Users (active), Create FAQ, and Logout. A user profile icon is in the top right. The page is divided into two columns: 'New Students' and 'New Support Staff'. Each column contains three identical validation forms. Each form has input fields for Name, Email, and Role, followed by 'Accept' (blue) and 'Reject' (red) buttons.

New Students:		New Support Staff:	
Name	Accept	Name	Accept
Email	Reject	Email	Reject
Role		Role	

A 'mimo' watermark is visible in the bottom right corner.
